

STAKEHOLDER INVOLVEMENT GROUP (SIG) MEETINGS SUMMARY

PARTICIPANTS:

SIG members consist of a diverse cross section of stakeholders affected by the study, including government agencies, residents, business owners, property owners and others who have a stakehold within the study area.

PURPOSE:

Provide input to the project study group throughout the project development process at key milestones.

RESPONSIBILITIES:

Participate in approximately four meetings

Communicate project information with stakeholder constituents, agencies, and neighbors.

1

SIG MEETING #1

November 18, 2021

MEETING FOCUS:
Review existing data collected by project team, including:

- Environmental Surveys
- Project Constraints
- Traffic Data and Crash Analysis

2

SIG MEETING #2

February 17, 2022

MEETING FOCUS:
Develop a project problem statement.

Participate in an initial alternative concepts review workshop.

3

SIG MEETING #3

September 1 & 8, 2022

MEETING FOCUS:
Review and seek input on level 1 preliminary alternatives scenarios.

Evaluate and compare 'build' and 'no-build' alternatives to the project purpose and need.

Review and assess initial alternatives.

4

SIG MEETING #4

August 17, 2023

MEETING FOCUS:
Review and seek input on level 2 preferred alternatives and evaluation.

Review recommended preferred alternative selection.
